GENERAL CAPABILITIES	
LITERACY	<p>In The Arts, students use literacy to develop, apply and communicate their knowledge and skills as artists and as audiences. Through arts learning students enhance and extend their literacy skills as they create, compose, design, analyse, comprehend, discuss, interpret or evaluate their own and others' arts works. Each subject in The Arts requires students to learn and use specific terminology with increasing complexity and sophistication as they move through the curriculum. Students learn that Arts terminology is dynamic and flexible, can be symbolic, is not always expressed through words and varies according to context.</p> <p><a href="https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-fb4a09cb14-item-3f787489d1">https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-fb4a09cb14-item-3f787489d1</a></p>
CREATIVE AND CRITICAL THINKING	<p>Students develop critical and creative thinking as they make and respond to arts works, ideas and practices in different contexts. As artists, students develop questions, imagine, consider various options and alternatives and make decisions, acting on possibilities when interpreting and generating ideas. As audiences, students think critically and creatively about their work and the work of other artists. They reflect, analyse, critique and evaluate their thinking about arts works and the roles that The Arts play in the lives of people, cultures and communities. <a href="https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-27d9552836-item-9ab28232b2">https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-27d9552836-item-9ab28232b2</a></p>
PERSONAL AND SOCIAL CAPABILITY	<p>In The Arts, students develop personal and social capability as they make and respond to arts works, ideas and practices. When working with others, students develop social management skills and empathy for multiple perspectives as they communicate effectively, collaborate, make decisions that meet the needs of themselves and others, and demonstrate leadership as they create arts works. As artists and as audiences, students develop self-awareness and self-management skills when they set goals, work collaboratively, reflect upon various arts practices, and build resilience, adaptability, and perseverance while thinking about their work and the work of other artists.</p> <p><a href="https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-27d9552836-item-81e0d6d499">https://v9.australiancurriculum.edu.au/teacher-resources/understand-this-learning-area/the-arts#accordion-27d9552836-item-81e0d6d499</a></p>
